ENGAGED TRIALS

WEBINAR

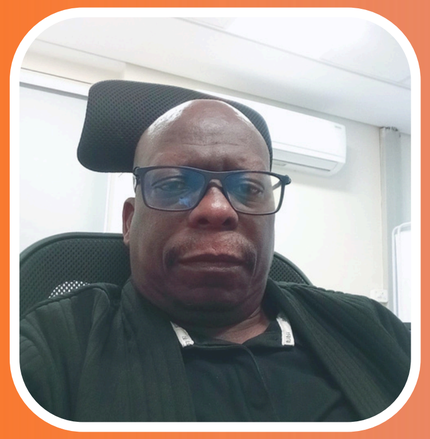
Putting Communities at the Heart of Clinical Trials

Who really gets a say in the clinical trials that shape our health?

This webinar will give different stakeholders, including community representatives, an opportunity to discuss their knowledge and experience regarding community engagement in clinical trials and further comment on the project.

Stephen Tollman
Unit Director
MRC/Wits Rural Public Health and Health Transitions Research

Carmen Späth
Senior Scientist, South African Medical Research Council



Paul Ngcobo
Community Liason Officer, South African Medical Research Council
